Columbia Lodge, No. 96, F. and A. M., will meet Thursday evening for instruction. All the members are requested to attend. The regular meeting, at which there will be work in the third degree, comes Friday night.

Why don't some enterprising persons connect Milltown, White Oak and Little Lake by telephone with Columbia? When an election is on they are the only precincts in this county that can not be reached.

The News needs to be on the ground floor and we are doing our best to get it there. If you're due this office any thing we would appreciate payment as we need every dollar to use in building and adding better facilities for printing. Send in the amount due.

All parties who subscribed to the bridge fund on the Somerset road are requested to call on W. F. Jeffries & Son and pay the same at once. The bridge will be under construction this week and the money will be needed at once.

One of the nicest cottages in Columbia is the one on College street just completed by Russell & Murrell. The inside of the building is especially attractive. The wood work is a splendid finish and the papering artistic. The building would make a small family a very cozy home.

We learn that the stove business is again becoming quite lively in Adair county. J. T. Page & Co., Stults & Co., and Chapman & Brockman have a number of hands employed and stoves are being rapidly made. It is our understanding that more than a million are now ready for the market, a portion of them having already been contracted. There is yet a vast amount of uncut timber in Adair county, much of which will be utilized during the next twelve months.

THE M. & F. HIGH SCHOOL.

We take pleasure in noting the steady and substantial growth of the M. & F. High School of Columbia. Usually the enrollment is exceedingly light while the public schools are running but this year it is an exception and the second term bids fair to be the best for many years in point of attendance. The enrollment now is 57 which is three to four times as great as any previous year in the last decade and this fact carries much hope for the future. Several boarders are here already and when the schools close we expect to see the largest number of boarders attending this school that have been in attendance in this town for many years. There is no doubt but this school is now under the best management it has had for many terms. Prof. T. A. Baker, of Center College, a young man of energy and sterling ability, is the Principal. He is an experienced teacher and has so thoroughly impressed the fact of his adoption and general fitness as an educator that he has the confidence of all our people.

Prof. J. W. Flowers, first assistant, is a graduate of the Bowling Green Normal School, and is a young man well endowed by nature as well as in training. He has spent a number of years teaching and enjoys a reputation in his chosen profession that commends him as one of the best instructors in this entire county.

We have no hesitancy in mentioning the fact that those connected with the M. & F. High School are real friends to educational interests and are not actuated fully by selfish motives. Hon. H. C. Baker and Prof. T. A. Baker made a nice contribution, last week, to the Lindsey-Wilson School to be located in this town by the Conference of the M. E. Church South. Prof. Flowers is on record with a liberal contribution.

Their contributions to a school to be located within a few hundred yards of theirs are the strongest evidence of their good will, and clearly set forth the fact that they in common with others are willing to subordinate selfish interests for the public good.

This old institution has done a great work. Many who were educated within its walls have gone to the front in various professions. The present Secretary of State, Mr. Hill, received a portion of his education in this institution. Our space is too limited to mention others who have been a blessing to their country and an honor to the M. & F. High School.

This institution is now taking on new life and doing a work that will prove its worth in years yet to come.

There is plenty of room here for two good schools, plenty of material to make this town an educational center. We have one of the schools now and will get the other.

The one now in operation should not be overlooked under the exciting and enchanting pursuit for the other. It is moving quietly along doing thorough and lasting work. The young people of this and adjoining counties should come to Columbia if they want to enter one of the best schools in Southern Kentucky.

COMING NUPTIALS.

On Tuesday morning, November 18, 1902, Dr. A. C. Foster, of this place, will be married to Miss Elva Ford, a highly accomplished young lady, a daughter of Mr. and Mrs. T. H. Ford, Franklin, Ky. Immediately after the ceremony the couple will start for this place and will arrive at the Marcom Hotel Wednesday evening, rooms having been engaged, and where they will be located for the present. Dr. Foster became a resident of Columbia about eighteen months ago, and during his stay he has conducted himself as to win the friendship of not only the citizens of the town, but people throughout the county. He is a courteous and refined gentleman and will be warmly received upon his return from Franklin. The intended bride has no acquaintances here, but she will soon learn that her lot has been cast among friends, who will do every thing in their power to make her feel at home. The Adair County News, the first paper to announce this coming event, will be ready to extend the hand of congratulation, trusting that happiness will continuously mingle with the affairs of this very deserving couple.

TO THE POINT.

MR. T. R. STULTS, Sec'y., S. C. M. E. TRAINING SCHOOL, COLUMBIA, KY.

MY DEAR SIR AND FRIEND:

I note with interest, the effort the people of Columbia, are making to secure the Training School. I am for it every day in the week—for two reasons—1st. Because it will improve the business interests, advance the Moral and Educational standard, and make Columbia a good town to live in.

2d. Because it is Methodist. Wish I could endow it with a million, but I will have to content myself with the modest subscription of twenty-five (\$25.00) Dollars, which I hope the committee will accept.

I am very truly,

BOB GRISOM.

Guthrie, Oklahoma, Nov. 6, 1902.

MR. WM. PHELPS DEAD.

Last Saturday night, on the waters of "Little Clifty," near Blair's Schoolhouse, Russell county, the subject of this notice peacefully met his God. The deceased was about fifty years old, an excellent citizen, a devout church worker, and a brother of Capt. John Phelps. He was a victim of typhoid fever, and was perfectly resigned to the will of his Maker.

At W. T. McFarland's stock sale last Saturday four or five small mules brought \$175.

PROGRESS OF THE SCHOOL.

The local committee is at work every day, raising funds for the proposed Training School. Several hundred dollars are yet lacking, but the committee hopes to get the amount up in a very short time. In the meantime every person in the county who is able should give a donation to this enterprise. It is the best thing that has ever been offered to Columbia and the people of this section of the State. It will bring several hundred young men and young women to this place, and all classes of business will be increased. Our people cannot afford to let this opportunity pass. The offer has been made and we must accept it. Give and give now.

A few weeks ago a representative of the News was in Louisville and having a little leisure, he concluded to cross the river and see if he could find Mr. George W. Ewing, many years ago a citizen of Columbia, and who yet has many relatives in Adair county. We had not been in Jeffersonville but a few minutes when the object of our visit was discovered, moving slowly up the street. It had been a number of years since we met him, but he was recognized at first sight, looking very much like he did twenty years ago, excepting his stooped posture and the changes that the weight of years will bring. He is now seventy nine years old, if we remember his statement, and it would be the pleasure of his life if he could again visit Columbia and Adair county, meet and converse with his many old friends, associates of his boyhood and early manhood days. He was perfectly delighted to see us, and had we had the time he would have doubtless put in a day asking about the people of Adair county. He made particular inquiry concerning the Tutt and Mercer families, Mrs. Mary Cravens and her children, to whom he is related. His health is not very good though he is able to be about every day. For about fifteen years he filled a regular job in the car-works at Jeffersonville, and gave up the position on account of the infirmities of age. Any day, when the weather is good, he can be seen on the street leading to the boat landing. He is generally alone, walking with his head slightly bowed, seemingly meditating, as we thought, about his old home and the friends of his earlier days. He loves Adair county and Adair county people, and so anxious is he, we would be glad if he could come and spend a few happy days among the scenes of his childhood. The last words he said to us when we bade him farewell was, "I want to come, but I am now an old man and cannot hope to be here but a short time."

Last Sunday forenoon at the Presbyterian church Eld. W. K. Azbill gave a very instructive talk, taking up the evils of the community and suggesting means to cure them. Mr. Azbill became identified with the people of Columbia thirty years ago, and although his work has called him to other fields a goodly portion of that time, his heart has always been with us. He is enterprising and is using his utmost endeavors to advance the interest of Columbia, not only in a business way, but in every other way that tends to elevate man. A few weeks ago he started the move to organize a Y. M. C. A. in this place, but the way was not made clear until last Sunday. At the close of his talk a sufficient sum of money was raised by subscription to rent the Christian College, the place of meeting, for one year; to purchase a large amount of wholesome reading matter, a gymnasium and everything necessary for calisthenic exercises, to be used in an apartment designed for and controlled by the ladies. The fathers and mothers of the community are giving their aid, financially, and all the young people are very much interested in the coming work.

Before adjourning a committee was appointed to collect the money, order every thing that is necessary, preparatory for beginning the work at once. This association will have a chapel and the exercises will be opened with religious services and every thing brought to bear to bring about a better state of morals, elevate the mind, develop the physical man, and to pave the way for a home beyond the skies.

Every body who is identified with the Presbyterian Church, both old and young, are requested to attend the Sunday-school each Sunday morning. The church has been without a pastor for some time and the pupils of the Sunday-school have dropped out until now only about thirty persons attend. The way to make a Sunday-school interesting is for every body to attend, and to be on hand when the roll is called. Being without a pastor has had something to do with the school growing smaller; but it will not always be thus. We understand that Rev. D. D. McDonald is looking around for a suitable man to take charge of the church, and it is expected that he will be successful by the first of the year if not sooner.

Mr. W. K. Azbill, the promoter of the interurban railroad, received a telephone message from a number of prominent Green county citizens, last week, asking him to run a line to Greensburg and make that place the terminus of the road. They offer inducements and Mr. Azbill has consented to meet them at an early date. The Cincinnati Southern also wants to be tapped. In all probability there will be two other surveys made, and the most practicable route, the friendliness of the people to be a consideration, will be selected. There is no doubt a road will be built. It is not responsible to suppose that Mr. Azbill, a man of ability and judgment, would be running lines, paying the expenses out of his own purse, for amusement.

We learn from Mr. Tom Aaron that about three weeks ago Jo Zach Collins and J. M. Aaron, who live near Glenfork, came up badly hurt. Aaron's skull was crushed, and for several days he was unconscious. Collins was also terribly hurt about the head, and for awhile it was thought he would die, but at this writing he is considered out of danger. The affair was a mystery and there was a great deal of speculation as to how the men got hurt. It finally came out that they got into a fight among themselves, and that is the prevailing opinion in the neighborhood, says Mr. Aaron.

There never was a paper in any locality that gave all the news. It is often that some persons come or go that the editor does not see. It happens that a family is missed several times. They get the mistaken impression that the paper does not care to mention them. The paper has no ill feeling, no spite or enmity against anybody. Don't be afraid to give the editor the news of interest. Perhaps you think the paper has shown partiality; but try and see if it doesn't treat you well if given a chance. If you are going away on a visit or have a visitor in your home, please notify us; we will appreciate any assistance along this line.

Perhaps more friends were present at the marriage of Mr. Mont Conover to Miss Ethel Butler, on the morning of the 6th, than any other wedding occurring in Adair county for years. The ceremony, which was beautiful and impressive, was said by Eld. Z. T. Williams. After the ceremony the happy couple and friends, numbering perhaps seventy-five, repaired to the home of the groom's father, Mr. Wm. Conover, where a magnificent dinner was spread.

Indian Summer is upon us, the grandest season of the year. The air is cool and bracing, filling every body with new life. Take a walk into the forest and behold the thousands of trees with different colored leaves—a beautiful sight—where an artist could find many of nature's scenes for his brush. It is often said at this season of the year "The melancholy days have come, the saddest of the year," but we can see nothing to sadden the heart of any one, when the sun shines bright and the air is refreshing and bracing.

Mr. W. L. Stotts, one of Adair's best known citizens, was married to Miss Jennie, an estimable daughter of Mr. Matthew Taylor, last Wednesday. The ceremony was performed by Eld. Z. T. Williams, only relatives and a few special friends being present. The couple will reside on a farm, lying near the Burksville road, five miles from Columbia. The many friends of this couple extend their congratulations.

Miss Mattie, a daughter of Dr. U. L. Taylor, who has a position in the Richmond Institute as music teacher, notifies the local committee here that she will give \$100.00 to the Lindsey, Wilson-Memorial School to be located at Columbia. This subscription comes unsolicited and the committee highly appreciates it, and it shows a true spirit to secure an enterprise calculated to do this section much good.

The old dwelling-house which was occupied by Mr. J. B. Barbee, is being torn down, having been purchased by Mr. L. B. Hurt. It is one of the oldest buildings in Columbia. Mr. W. H. Walker resided in it for many years, and in it several of his children were born. The lumber will be removed to Mr. Hurt's lot on Jamestown street and another house put up.

Mr. Valentine Bryant sent to this office last week two Irish potatoes the combined weight being 1 pound 12 1/2 ounces. They were specimens of Barley Peasless and Early Russett and the best ones we have ever seen. Mr. Bryant has the reputation of being one of our best farmers and his plan is to have something to sell in all kinds of farm products.

Rev. C. R. Payne, late of Burksville, has rented the Cottage owned by Judge T. A. Murrell, near the Methodist parsonage, and has removed with his family to Columbia. Mr. Payne is an excellent citizen and our people are glad to have him come among them. At present he is working in the interest of the school.

Mr. Jas. D. Walker, of Gradyville, is to become a citizen of Columbia. He has rented of Russell & Murrell the residence on College street, known as the Nell property, and will remove with his family from Gradyville in a very short time. Mr. Walker is a good citizen and our people will be glad to welcome him and his excellent family.

The Standard Oil Company has 57 rigs that will be put in Adair, Casey, Russell, Cumberland and Palaski counties and will begin operations at once.

Mr. Walker Bryant bought a farm of Mr. W. W. Bradshaw, two miles east of town, known as the Triplett farm, for which he pays \$800.00.

In the marriage notice of Mr. Mont Conover to Miss Ethel Butler we failed to mention the attendants—Mr. Leslie Willis and Miss Nannie L. Butler.

Mr. Frank Sinclair has rented the M. H. Marcom residence, on Burksville street, and will remove to it this week.

Mr. S. T. Orenshaw bought of Mr. J. H. Young an excellent jack.

THE DELINEATOR

To do justice to this number, which for beauty and utility touches the highest mark, it would be necessary to print the entire list of contents. It is sufficient to state that in it the best, modern writers and artists are represented. The book contains over 230 pages, with 34 full-page illustrations, of which 20 are in two or more colors. The magnitude of this December number, for which 728 tons of paper and six tons of ink have been used, may be understood from the fact that 91 presses running 14 hours a day, have been required to print it; the binding alone of the edition of 915,000 copies representing over 20,000,000 sections which had to be gathered individually by human hands.

Mr. Elmo Strange, of Burksville, brother of Mr. J. C. Strange, this place was married to Miss Maud Ferquin, an attractive and popular young lady, also of Burksville, Wednesday evening of last week. The rites were solemnized in the Christian church in their home town, many relatives and friends being present. The church was handsomely decorated and the ceremony beautiful and impressive. The pastor officiated.

Williams, of this place, and deservedly stands high as one of Campbellsville's most popular and charming society ladies. Mr. Scott is a resident of Louisville, and has a position as chief clerk in a well-known and prominent wholesale business house. A host of friends heartily congratulated the young couple and hope their pathway of life may prove to be all that their final anticipations ever hoped for.

Mr. S. Goodman, the well known produce man of Glasgow, passed here last week enroute for Columbia.

Mr. Chas. Murrell, representing the News, of Columbia, was here last week enroute for Edmonton.

What do you think? Only a short time until we will have five stores in our town. Certainly there will be one customer each anyhow. The longest pole knocks the persimmon.

Quite a number of our people attended Prof. G. B. Yates' spelling Friday night. His pupils spell exceedingly well. The Prof. has made quite a record as a teacher.

Your correspondent had the pleasure of visiting Mr. W. C. Turx, of Bliss, who has been in feeble health for some time. We are glad to note that we found him improving and we trust in a short time he will be on the stage of action again.

Uncle Charley Yates, one of our best judges of horse flesh in the county, wants to buy an all round good mare, one that is good for all purposes. He has got nothing to pay but cash. Don't say anything about it unless you have got a good one.

Aunt Mary Flowers, one of the oldest ladies in this section of the country, has been confined to her bed for several days with lagrip.

H. C. Walker informed us that he visited Mr. S. D. Caldwell, of Portland, a few days ago, who was dangerously wounded by a bull and found him improving. We are glad to know that he will be up soon.

Mr. John M. Sullivan, of Denmark, a candidate for circuit judge, subject to the action of the Republican party, was in our midst last week and announced publicly his candidacy. He wants it distinctly understood that he has at all times affiliated with said party, with the exception of four votes, which were cast for free silver. We think he is excusable.

Some time during the full moon of this month, there will be an old time fox hunt in this community. No one will be admitted except those having the proper credentials, setting forth the fact that they have served a certain time in the service as an old time hunter. Ex-Gov. Hindman and Robert Price, of Columbia, will lead the procession. Chas. Yates, G. W. H. Flowers, Geo. Dudley, Geo. Washington Flowers, John Milt Wilson and perhaps a few others will fall in the procession. The extent of territory to be hunted over is in the bounds of Metcalfe, Green, Adair and Cumberland counties. No one will be admitted unless applying to the leader of the procession. Supper will be served at the Wilmore Hotel for the hunters. We are expecting a grand old time and we will certainly have it. Come prepared for the occasion for this will be a record breaker.

Mr. Stamper Pickett returned from Louisville last Friday, where he had been on the Federal grand jury.

A double wedding occurred on last Wednesday in this community. The interested parties were Mr. Elijah Rutledge to Miss Adie Matney, and Mr. Louza Stephens to Miss Mattie Moss. They in company with a number of friends went to Columbia and were married, returning to their respective homes. We wish them the best of success and the sweetest of pleasure throughout life.
